DIRECTIONS TO UMFK VIOLETTE CAMP FROM PORTAGE/FISH RIVER GATE

From the Fish River gate (Portage), follow the road (Rocky Brook Road) for approximately 28 miles.

After crossing a stream (Big Brook) and mile marker 29, take a left turn at the intersection with Ramsey Brook Road (which goes straight).

Continue until you see several crosses at a sharp corner. You will then cross a small bridge again (Musquacook Stream) and as you continue you will see the 45 or 46 mile marker signs. The road will then connect with the Maibec Road, which comes from the left. This Maibec Road leads directly to Henderson Bridge on the Allagash River Waterway.

Just prior to the bridge, there is a State of Maine camp on the right. Across from this facility is Sweeney Brook Road (no sign). This is the road the UMFK wilderness camp is on. Follow Sweeney Brook Road for approximately 1.5 miles. The camp driveway is on the left.

MURS radio channels:
Rocky Brook, Channel 1
Maibec, Channel 2

DRIVE SAFELY

**Please use caution when driving on logging roads.
Bring a spare tire, jack, tire wrench, tire repair kit, etc.
Be aware you are sharing the road with logging trucks.
Also, watch out for animals in the roadway –
particularly moose which are on the move during mating season.**

If you would like more information about road conditions and directions, call the North Maine Woods at (207) 435-6213.

In the meantime, if you have any questions contact either Karen Nadeau-Drillen or Jill Ippoliti by phone at (207) 287-1670 or email at karen.nadeaudrillen@legislature.maine.gov or jill.ippoliti@legislature.maine.gov.
